

Everyone wants to make their mark on the world. Here are some things to consider when contemplating a way to do just that. *Remember, making your mark starts with what you do today—*

Enroll in the ASPE Certification Program and begin making your mark in the estimating world.

1. You must have a vision of what you want to accomplish. No matter what your dream may be, having a clear vision in mind will give you the direction you need to succeed.
2. Follow your heart and you will never go wrong. Letting your heart lead the way is not about being comfortable, it is about finding your passion in life and achieving your dreams.
3. Get the word out. Let everyone know your aspirations and what you intend to accomplish. This will keep your heart and soul dedicated to the mission at hand by inviting accountability from those around you.
4. Mentor someone. Mentoring can make a huge impact on the life of the mentor and the mentee. Almost everyone needs encouragement and most people are very appreciative for a piece of knowledgeable advice, if it is asked for. Share your knowledge freely.
5. Dream big. Do not limit yourself with small-minded thinking. Sure that are natural limitations in this world, but that does not mean we have to be constrained by what may seem unlikely or impossible. Many great feats have been accomplished by people who refused to give up on their dreams.

Do not expect making your mark to be easy,
but do expect it to be worth the journey.

Next Enrollment Deadline is January 10, 2013
